

PE and Sport Premium Funding 2015 -2016

Our school receives £8485 to help support out Physical Education and Sporting provision. This funding has given us the opportunity to focus on our priorities for PE and sport in school and will enable sustainability in the future. The PE grant is raising the achievement of our children and children are more confident in competing against other schools.

At Westminster Community Primary School we value the funding provided to us to enhance our PE work. We recognise the importance of ensuring our children have a good understanding of being healthy in the fullest sense. We educate the children about healthy food choices, healthy activity choices and the importance of water, fruit and vegetables in their diet. We endeavour to provide a good PE and Sport Curriculum for our children in lessons and during clubs. We also include sessions on emotional and mental health in our lessons.

As part of our review of our work we know:

- Termly 5km events are helping us to effectively promote walking and the number of family members engaging with their children in this event is increasing.
- Our children enjoy physical sessions at Breakfast Club
- We benefit from belonging to a the University Church of England Academy Sports Partnership as it gives us access to sporting events with other schools, the Sports Ambassadors programme and CPD
- Some children are still not able to swim 25m by the end of Year 6
- Our residential trips give good opportunities for children to learn outside the classroom.
- Specialist gymnastics sessions from The Beth Tweddle Academy supported our work and should be considered on a rolling programme.
- We need to help some of our children prepare for the 5km events and should consider the promotion of ‘A daily 2 is good for you’.
