

Road Safety

This is reminder to ALL in light of the recent tragic news of the death of 11 year old Evan Rothwell who was tragically killed outside of his school.

Please ensure your child is supervised on the car park outside school. This includes children walking, cycling or leaving the car. Children have been observed running and cycling across the carpark without looking and without parental supervision.

If walking to school with your child please ensure you adequately supervise your child when crossing roads. Those children who walk to and from school alone please remind them of the importance of safely crossing the road. Children will be reminded about road safety in school.

Car users I cannot stress the importance of adhering to the speed limit when using the roads around school at all times. When entering the school car park drivers are reminded to maintain a speed of no more than 5 mph.

Please take a moment to think how you would feel if you tragically killed or injured a child who you would probably know along with their family, and the impact it would have on our school community.

Attendance

Attendance and punctuality are very important to our school.

Attendance and academic performance are strongly linked, so it is important that all children are in class on time every day at 8:30. Let's continue to work together to ensure our children don't miss a moment of their learning.

This week our attendance was **96.11%**.

Remember we are always striving for **100%**

Events Family Events

Tuesday 3rd December
Flu Immunisations (nasal spray)
Whole School

Wednesday 4th December
9.30 am Breakfast with Santa
(free in-school event for children)

📍 PINS Project Now Underway in Cheshire West and Chester! 🌟

The Partnerships for Inclusion of Neurodiversity in Schools (PINS) project is now rolling out across England! The Cheshire West and Chester Parent Carer Forum (PCF) is proud to be part of the Steering Group and is working closely with 4 local schools: Little Sutton C of E Primary, St. Winefride's Catholic Primary, Neston Primary, and Farnon Primary.

As a partnership approach, our goal is to strengthen relationships between schools and parent carers, helping create inclusive environments that support neurodiverse children. Each school has completed a self-evaluation on Inclusion and Neurodiversity, and parent surveys have provided valuable insights.

Together, we're building a collaborative approach to enhance neurodiversity inclusion in schools. Watch some of the training our schools have participated in here:

- Re-Introduction to PINS
- Embracing Difference
- Understanding Needs

If you would like more information about the project, or if your child attends one of

Join our STEM ambassadors and have fun learning more about Science, Technology, Engineering and Maths.
